SCHEDULE A CLAUSES INCORPORATED BY REFERENCE FOR ORDERS UNDER U.S. GOVERNMENT CONTRACTS

The following clauses from the Federal Acquisition Regulation ("FAR") and the Department of Defense FAR Supplement ("DFARS") are applicable to and incorporated by reference into all purchase orders ("Order") issued by GKN for non-commercial items, see FAR 2.101, in which the ultimate purchaser or end user is the United States Government or any instrumentality thereof. The following clauses shall have the same force and effect as if set forth below in full text. The dates of these clauses are the dates in effect as of the date of the Order issued by GKN. Supplier agrees to flow-down, as required, all applicable FAR and DFARS clauses as such are in effect as of the date of the Order. Supplier further agrees that all notifications and other communications required by these clauses shall be made through GKN's Purchasing Representative, unless the Order specifically provides otherwise.

Except as noted below, the following changes to the FAR and DFARS clauses are made for incorporation of these clauses into the Order in order to make the context of these clauses reflect the contractual relationship between GKN and Supplier: "Contractor" or "prime contractor" or "Offeror" shall mean "Supplier: "Government" shall mean "GKN." "Contracting Officer" shall mean "GKN's Purchasing Representative." "Contract" or "Schedule" shall means the Order(s) issued by GKN to Supplier. Provided, however, that the terms "Government", and "Contracting Officer", do not change (1) when a right, act, authorization or obligation can be granted or performed only by the Government or its duly authorized representative; (2) when title to property is to be transferred directly to the Government; (3) with regard to FAR 52.203-6, 52.227-1, 52.227-2; and (4) where specifically modified as noted below:

NOTES: Clauses with "(NOTE 1)" following the clause citation shall not apply to Commercial Items meeting the following criteria: (a) the Supplier's proposal identifies and represents its Work to be a Commercial Item as defined in FAR 2.101 and provides supporting rationale and documentation to Buyer, and (b) Buyer agrees and documents in this PO that Supplier's Work is a Commercial Item.
